

# Music for the Golden Hour & Beyond

INTRODUCING GOLD DUST DRIVE

Bringing the warmth of 70s West Coast radio and the cool sophistication of 80s pop to the modern stage. Based in Milton, Ontario.

# All the Groove. None of the Noise.

**MAXIMUM SOUL. MINIMUM VOLUME.**

Gold Dust Drive is a trio defined by chemistry, clarity, and the lost art of live harmony singing. By stripping away heavy percussion to focus on the interplay of bass, keys, and guitar, we deliver a lush, full-band sound that remains conversation-friendly.

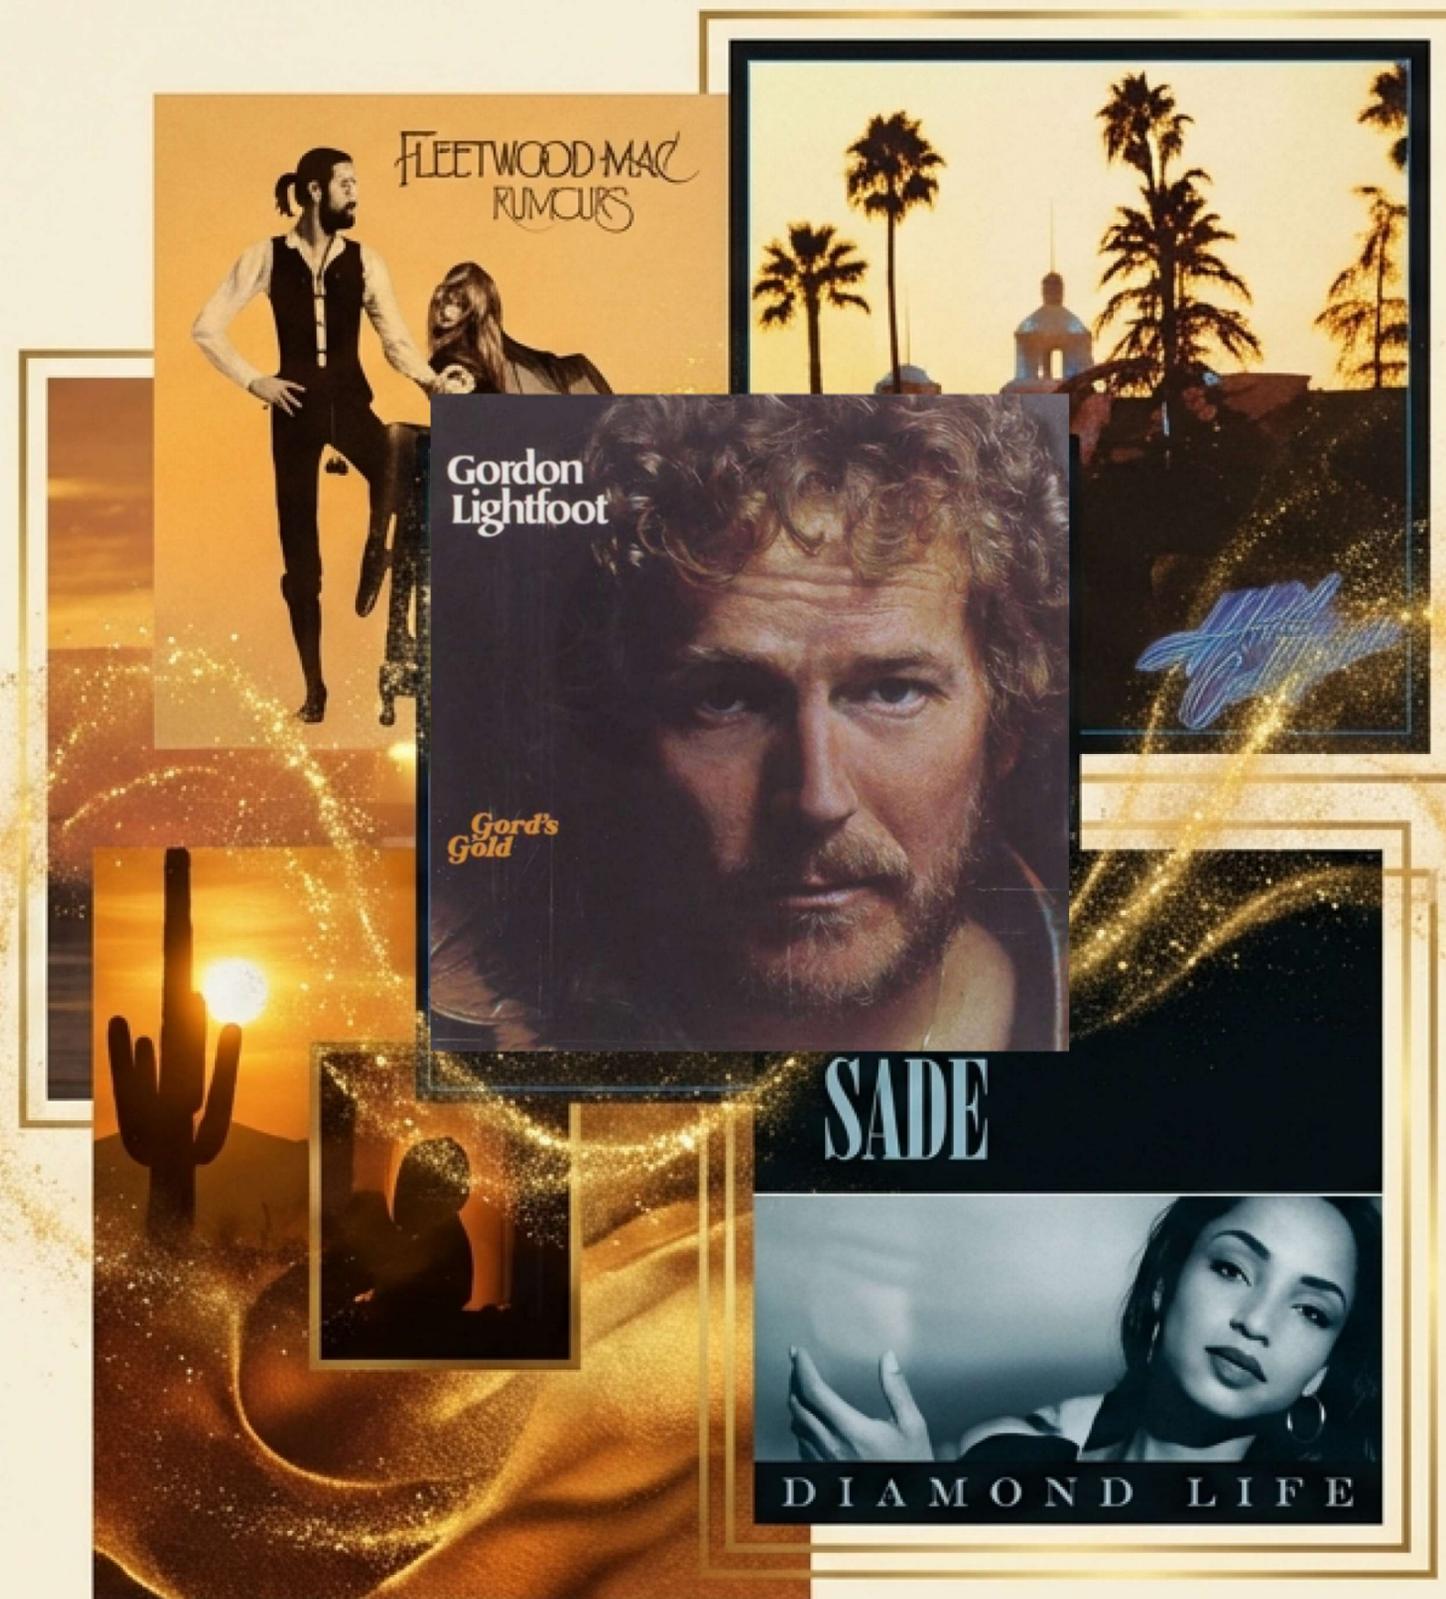

**“We provide a polished, rhythmic backdrop that is as easy on the ears as it is on the dance floor. The ultimate soundtrack for patios, cocktail hours, and upscale dining.”**

# West Coast Warmth Meets 80s Sophistication

Our repertoire is a carefully curated journey through the golden era of pop-rock radio.

**The Vibe:** A blend of 70s Soft Rock storytelling and 80s Pop/Soul grooves.

**The Artists:** From the canyon echoes of The Eagles, Fleetwood Mac, and Gordon Lightfoot to the sophisticated, velvet grooves of Sade, Chic, Roberta Flack, and Norah Jones.

# Three Veterans. One Vision.

60 Years of Combined Musical Experience. A curated project by industry pros.
